www.bitcoin.org

“

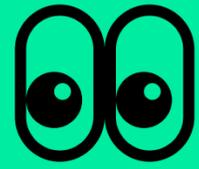

That would be nice at point-of-sale. The cash register displays a QR-code encoding a bitcoin address and amount on a screen and you photo it with your mobile.

Satoshi
2010-02-24

”

The 3 Functions of Money

- 2  Medium of exchange 
- 1  Store of value
- 3  Unit of account

“

The opportunity cost of holding fiat is the same as the opportunity cost of spending bitcoin.

Ben de Wall

SPEDN

The Problem

- 1 **No single place to find places to spend sats**
- 2 **Existing solutions are either:**
 - **proprietary**
 - **focused on ATMs**
 - **involve 'CyRpTo'** 😬
- 3 **Creating and maintaining large datasets is difficult**

The Solution

0

Bitcoiners!

1

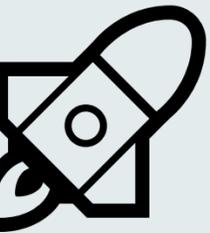

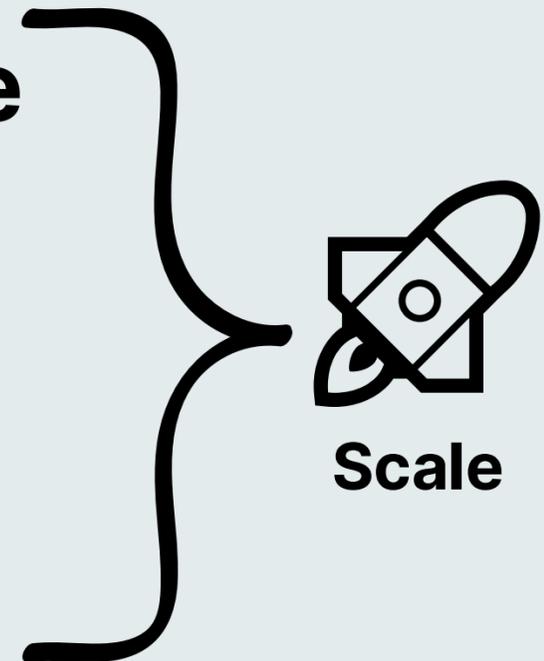

A Bitcoin-only map

2

**Open Source Software
+ Open Data**

3

Build communities

Welcome to BTC Map!

We're on a mission to get merchants who accept Bitcoin properly tagged within OpenStreetMaps and beautifully visualised with mobile and web apps.

We believe that both the apps and the underlying data should be Free and Open Source Software (FOSS).

One map to rule them all!

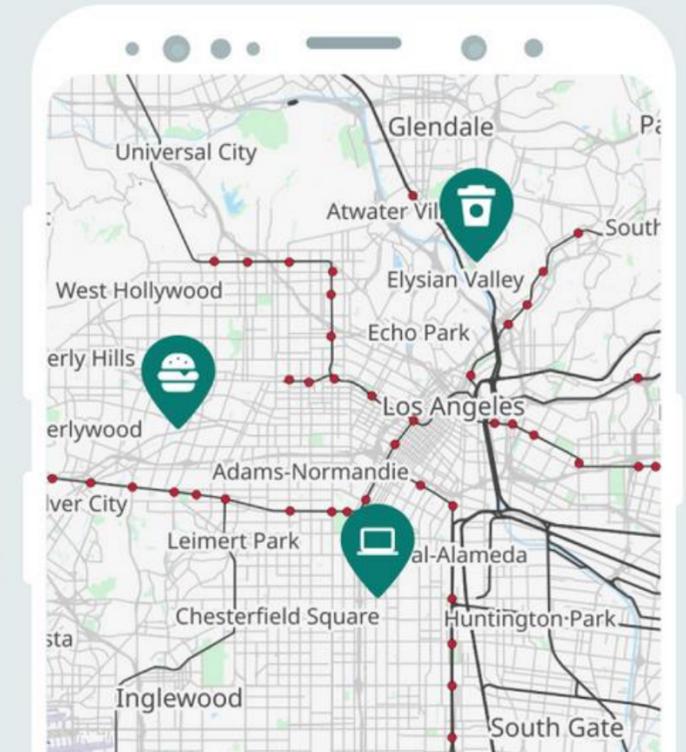

Get our Android app on [F-Droid](#).

A web app will be released on this domain soon and we are seeking contributors with experience of OpenLayers.

Bitcoin é aqui! Rolante/Riozinho-RS-BRASIL

bitcoineaquei@iris.to

27 Feb 23

We will start by bitconizing the tourist part, because Rolante/Riozinho and the region has untouched natural beauty. Amazing waterfalls, wonderful wineries, hang gliding and paragliding, and passionate hospitality. It is natural for them to make us feel at home.

In a short time any bitcoiner will be able to come here and spend as many days as he wants, visiting the region and paying for everything in bitcoin.

But our project is more ambitious. Our goal is to make bitcoin available to anyone who wants to live completely in bitcoin by 2023!
