

Easily find places to spend sats  
anywhere on the planet.

**Let's make it happen!**

# **Merchant adoption & the circular economy**

# The Problem

- 1** Nowhere to easily find places to spend sats
- 2** Current solutions are either:
  - **proprietary**
  - **focused on ATMs**
  - **include 'crypto'**
- 3** Creating and maintaining large datasets is hard

**We made it 10+ years  
into bitcoins story  
without a map**

**Lightning changed the  
game for merchant  
adoption**

**Timing is right to fill  
the gap**

**Make bitcoin real for  
no-coiners**

# The Solution

Bitcoiners!

1

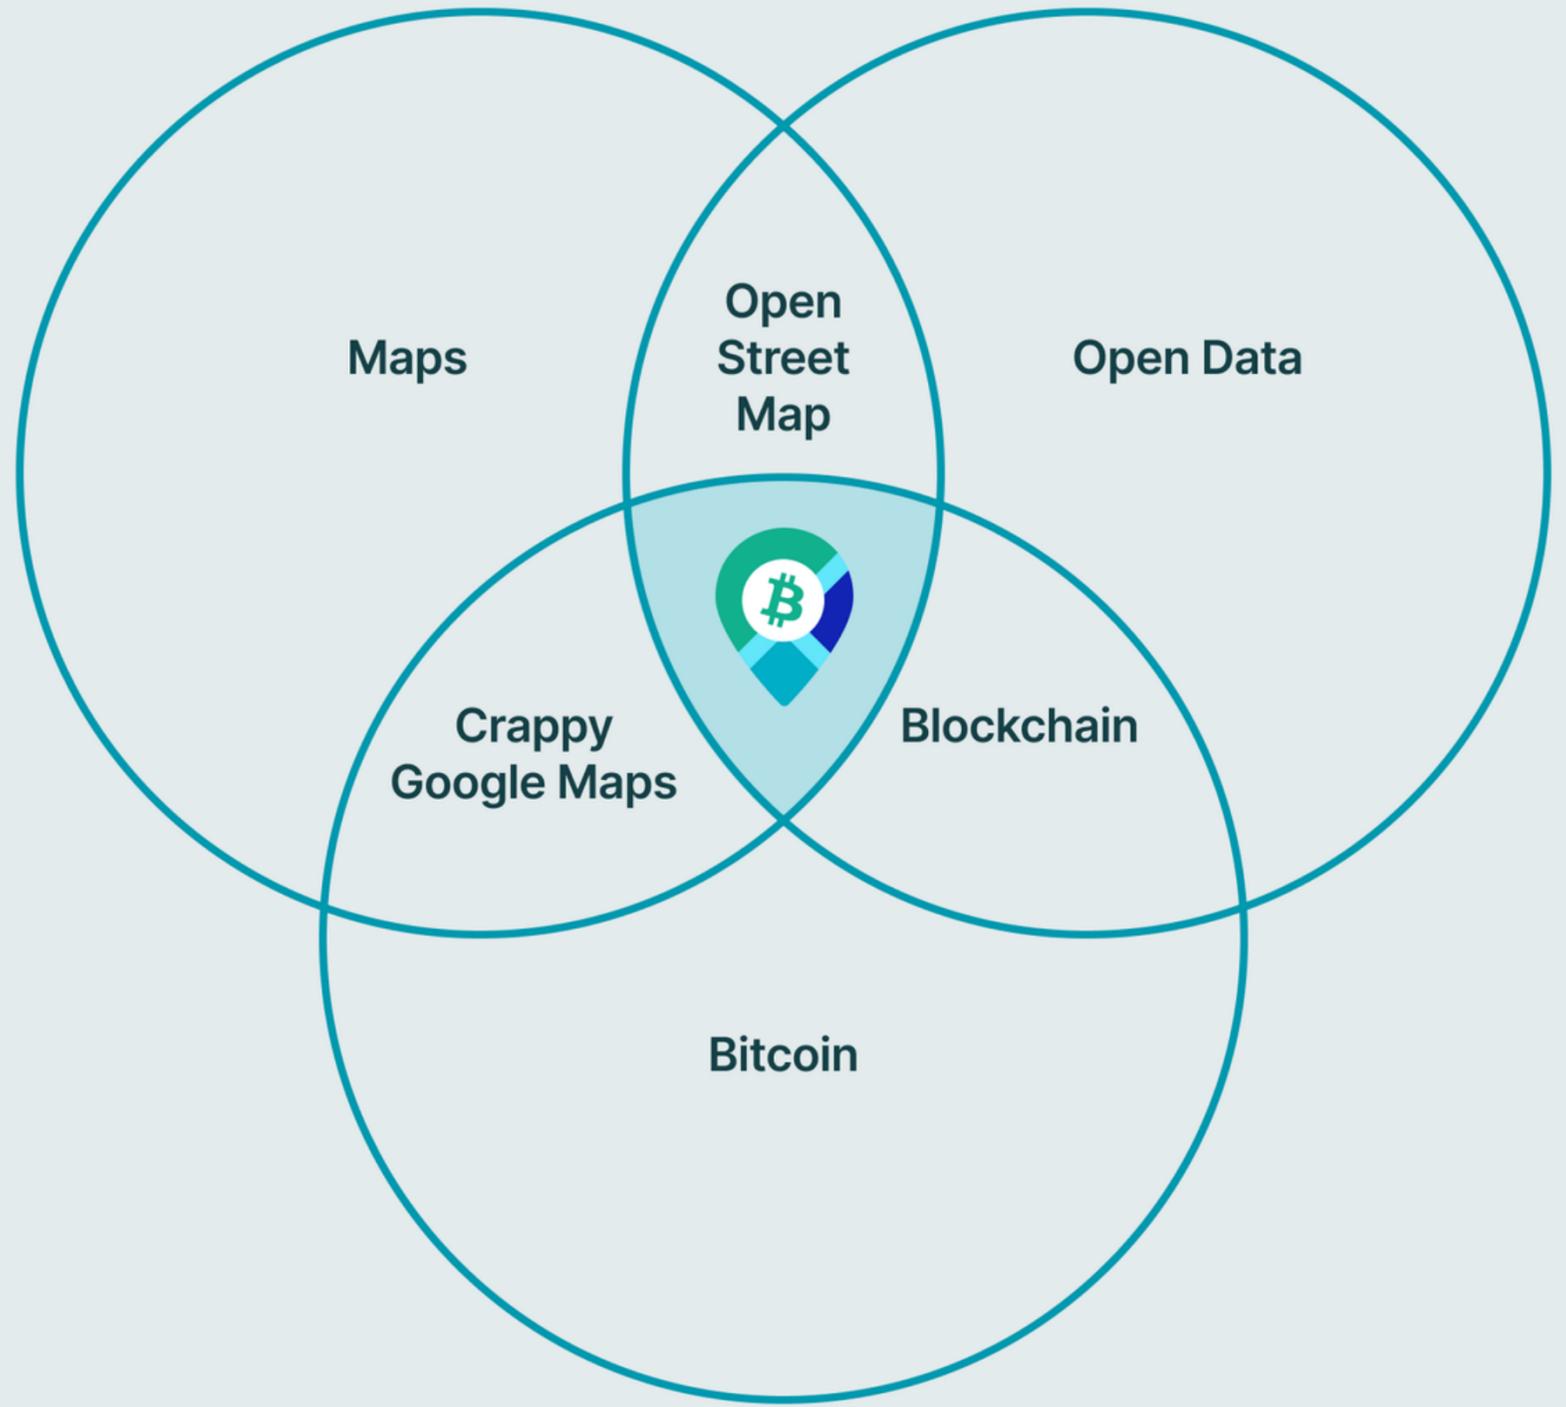

**Create a bitcoin-  
only map**

2

**Open source +  
open data**

3

**Make it fun &  
build  
communities**

# No Walled Gardens

- **No Google**
- **No ads**
- **No tracking**
- **No data collection**
- **No sign-up**
- **Able to use completely private**
- **100% FREE AND OPEN SOURCE**

# How it works

**01**

**Utilize  
OpenStreet  
Map as  
database**

**02**

**Create own  
backend/API  
that is fast &  
bitcoin-only**

**03**

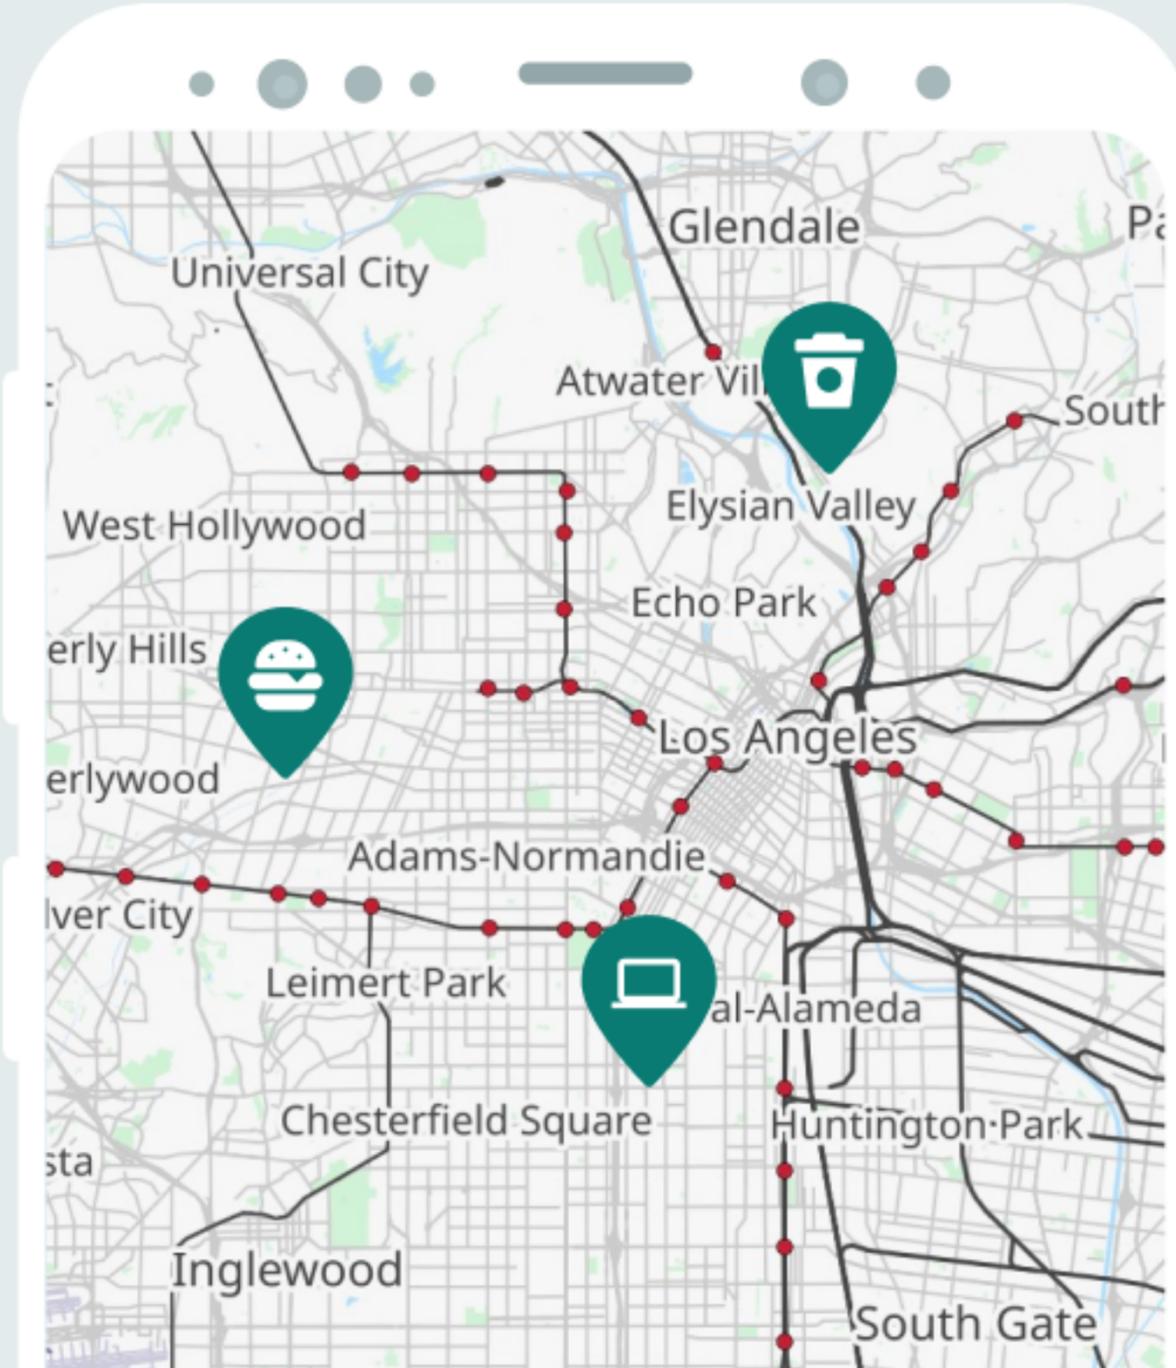

**Leverage  
bitcoin  
community  
to maintain  
data**

**04**

**Display  
locations in  
beautiful  
FOSS apps**

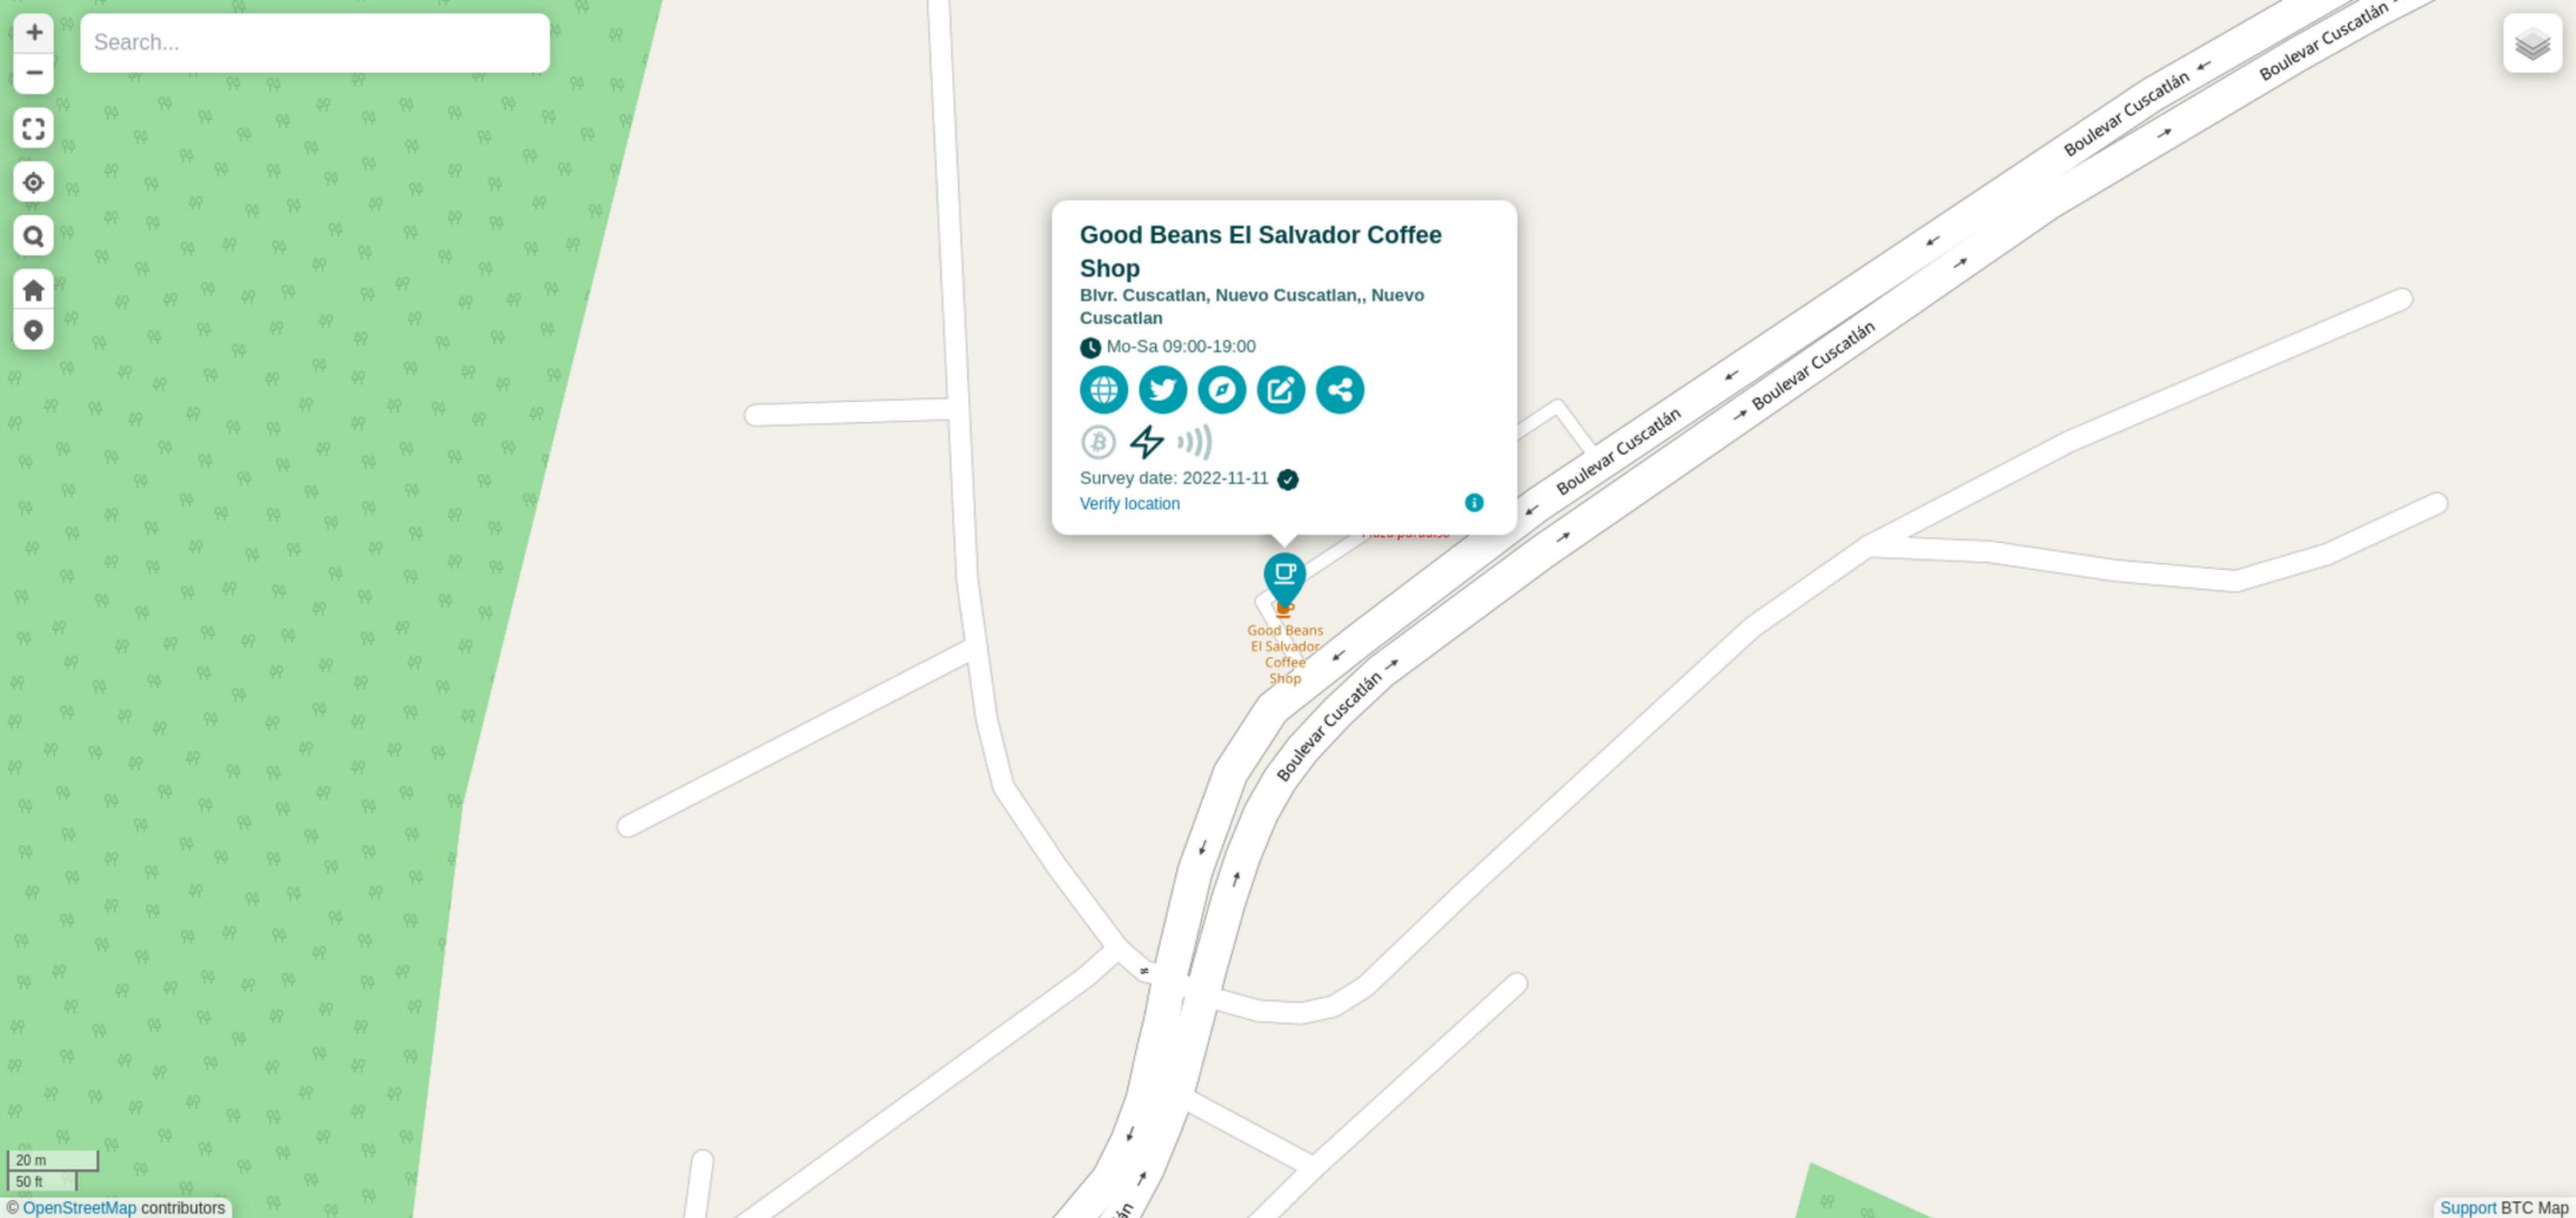

Download an app  
to find places to  
spend your sats.

**Available on all platforms**

- ✦ Verify a business location.

- ✦ Step 4 is whatever you want it to be...  
some people hodl corn, others spend it, hey, you do you, it's a free world ... or is it? It ought to be.

**Equally important as adding  
locations**

**Helps maintain a high quality
